THE ASYLUM CHANGE.

The action taken by the Board of Commissioners for the care of the insane in removing Dr. Dawson is an act to be regretted by both political parties. It establishes a dangerous precedent, and one that will be very apt to corrupt our free institutions. The Board showed no good reason for making the change. They all admitted that Dawson had made a good officer, and when men are intrusted to perform the duties of a high and important public trust the people do not expect that the confidence they have imposed in their servants will be abused. Public sentiment was strongly in opposition to a change, but the Board, wavering between their public duties and personal political obligation, at last fell into line and acted as they themselves deemed to be for their own personal interest, utterly disregarding public opinion. But the change has been made, and Dr. Bishop put in charge of the institution. He occupies a very unpleasant position, however, for there can be no protection accorded to him from any quarter if four members of the Commission imagine that someone else can be of more assistance to them in the next campaign than can Bishop. Dr. Bishop, if given an opportunity, will no doubt make a good Superintendent, and we hope the Board will not be led into committing another error by removing him unless they can give better reasons for so doing than in Dawson's case. Commissioners Tuffy and Deal were faithful to their trust as public officers and are entitled to the confidence and respect of both parties for the position taken by them through the whole transaction.

EDITORIAL NOTES.

Cattle men express the opinion that Texas cannot compete with Nevada in supplying California with prime beef. Texas beef is stringy and seldom fat like our beef, which is tender and juicy when marketed, as there are but a few hours travel between here and the place of slaughter, while Texas steers are conveyed through several hundred miles of suffocating heat, with little feed and a scant supply of water, the consequence being a deterioration in the quality of the meat which consumers readily notice.

The discharge of George W. Conkling, who killed Haverstick, has given rise to the usual diversity of opinion. Three journals, the *Times*, *World* and *Graphic*, justify the proceeding. Three journals, the *Tribune*, *Post* and *Commercial*, denounce it. It is a mixed case. But as Conkling is to undergo a trial, the verdict of the jury impanned will settle all differences of opinion.

Michael Davitt has written a vigorous letter to the Young Ireland Society of Glasgow, in which he says the dynamite policy can only have the effect of exasperating the English democracy. He declares that it would be for the better to work and wait for another 20 years than to play into the hands of Ireland's enemies by giving rein to despair and revenge.

Recent carefully conducted experiments relative to the value of 50 varieties of wood for fuel place mountain mahogany first. It is the only wood whose specific gravity is greater than water.

There were two earthquake shocks in San Francisco on Monday. If any city in the world needs a shaking up to bring it to its senses it is the city by the Golden Gate.

EASTERN DISPATCHES.

[ASSOCIATED PRESS.]
A Result that Should Follow all Prize Fights.
 DUBOIS, Penn., April 3.
 In a prize fight here last evening, between Mike McLaughlin and Martin Linksey, six rounds were fought. In the last round both men clinched and fell, Linksey breaking his neck in the fall, which resulted in instantaneous death. McLaughlin gave himself up to the authorities. The participants in the fight were not over 18 years of age.

PITTSBURG, April 4.
 Advice from Dubois gives the following particulars of the fatal prize fight briefly mentioned in dispatches last night. Mike McLaughlin and Martin Linksey, both boys, not more than 18 years of age, agreed to settle their troubles according to prize-ring rules. The fight came off by lamp-light last night, and was witnessed by a large number of spectators, mostly miners. The first two rounds possessed very little interest, the antagonists being pretty evenly matched. The third round was a spirited one and heavy odds were in favor of Linksey, but McLaughlin seemed to be better scioned. The fourth round brought the claret from both, but with no advantage to either. In the fifth round both came to the scratch with no little vim, and the punishment was about evenly divided. In the sixth round both felt somewhat the worse for wear, and they blowed like porpoises. Considerable sparring was indulged in, when Linksey accidentally fell, his chin striking a root, and his neck was broken. He expired almost instantly. The tragic termination caused great excitement, and it was all a few cool-headed men could do to prevent a row between the rival factions. McLaughlin gave himself up to the authorities. The coroner held an inquest this evening, returning a verdict that Linksey's death was caused by McLaughlin, and he was held on a charge of murder.

Elections Yesterday.
 LEAVENWORTH, Kans., April 3.
 Dr. S. T. Neely, Democratic candidate for Mayor, was elected to-day by a larger majority than any other Mayor for years.

OMAHA, April 3.
 The city election to-day has been hotly contested and the count is unfinished at midnight. It is believed Champions Chase (Republican nominee and liquor-interest candidate) is elected by about 40 votes over ex-Judge Savage, candidate of the Democrats and citizens.

St. Louis, April 3.
 Of five Councilmen elected to-day two are Democrats, two Republicans and one Independent. The proposition to fund the city debt was carried.

The Cattle Business in Wyoming.

CHEYENNE, April 3.
 The tenth annual meeting of the Wyoming Stock-Growers' Association is being held. The report of the executive committee shows that last year 220,000 beef cattle were inspected—an increase of 52,000 over the previous year. About 1,000 head were killed by the Union Pacific Railroad. The report further shows that herds of breeding cattle are selling 25 per cent. higher than last year, and that \$30,000,000 of Scotch and English capital have been invested during the year in Wyoming and Texas. The Panhandle drives from the West have ceased, and those from Texas have been greatly diminished.

Thieving Lightermen Arrested.

NEW YORK, April 3.
 At 2 o'clock on the morning of February 10 a disastrous fire broke out on the Inmann dock. The dock was filled with valuable wares of every description, and in 20 minutes its entire length was a roaring mass of flames. The loss, mostly English and French merchandise amounted to not less than half a million dollars. Consignees and owners abandoned the goods to the insurance companies, and in removing them for salvage and payment, of duty lightermen appropriated fully \$50,000 worth. Arrests are now being made by custom officer and more are to follow.

Application from King Kalakaua.

WASHINGTON, April 4.
 The application of the King of the Sandwich Islands that he be permitted to use one of the United States mints to coin money for his kingdom is now under consideration. The Mint Director has authority to do this, or at least in times past he has exercised such authority, as a large amount of money was coined several years ago for Venezuela. Director Burchard says that money could be coined at the San Francisco mint without interference with the public business.

New Postmaster-General.

WASHINGTON, April 4.
 The President has appointed Walter Q. Gresham of Indiana Postmaster-General. He is now U. S. Circuit Judge.

A Wayward Preacher Playing His Old Tricks.

SAN ANTONIO, April 4.
 The town is greatly excited over the flight of Rev. Adirondack Murray, who has been getting greatly in debt for some time. His creditors, after

having been long put off, at last demanded a settlement. Murray agreed to meet them and make some proposition. A young woman, with whom Murray is reported to have been intimate, left town the morning after Murray wrote to his creditors, and the ex-clergyman, having packed up his goods, set out a day later. He has been traced as far as New Orleans. His indebtedness amounts to about \$12,000.

Peter Cooper's Death.

NEW YORK, April 3.
 Peter Cooper, the philanthropist, was taken ill a few days ago, and soon nearly recovered. Venturing out, however, he caught a fresh cold, which settled into pneumonia. To-night his condition is pronounced dangerous. His advanced age—92 years—makes his recovery a matter of extreme doubt.

NEW YORK, April 4.
 Peter Cooper died of pneumonia at 3:30 this morning, aged 92.

He remained conscious up to the time of his death, and made several remarks on family affairs. Many friends of the family and prominent citizens called at the house this morning to sympathize with the bereaved family. Cooper was born in this city, Feb. 12th, 1791, and has lived a life full of honors from early boyhood.

Lynchings in Nebraska.

CHICAGO, April 4.
 A Hastings, Nebraska, special says Ingraham and Green, the murderers of Cash Willett, were hung by a mob of 35 masked men last night. It is not known what was done with Babcock, the other murderer.

The Tewksbury Affair.

BOSTON, April 4.
 The alms-house investigation was resumed to-day. Butler said he expected to prove that bodies had been delivered to be skinned and the skins tanned.

Gas Explosion in San Francisco—Several Men Injured.

SAN FRANCISCO, April 4.
 About 2 o'clock yesterday a gas explosion occurred in the Palace Hotel cellar under the sidewalk of New Montgomery street, by which three employees of the hotel—Jackson, Apshoo and Mayselle—were considerably burned. An alarm was turned on, and just as the fire department arrived at the spot a second explosion occurred. Assistant Engineer Ross of the Fire Department was dangerously injured, and John McGorry, Captain White of the Fire Patrol, G. B. Laraz, G. W. Harrison, J. L. McCormick, Eugene Drow, R. Ford and B. Chapman, members of the patrol, all badly burned. It is feared Chapman will not recover. James Reilly, foreman of No. 5 hose, John Cavanaugh, son of the occupant of the store overhead, and Frank Smith of Virginia City, and John Wise, an employee of the hotel, were also burned, though not seriously.

The Work of the Apaches.

CHICAGO, April 4.

Gray the Defaulter Caught in Mexico.

SAN FRANCISCO, April 4.
 John S. Gray, defaulter of the Harbor Commission, was arrested at Guaymas by U. S. Consul Willard, who returned him over to the Mexican authorities, by whom he will be held pending the arrival of the necessary papers, when he will be sent to this city.

TELEGRAPHIC BRIEVITIES.

—The marriage of Prince Louis Ferdinand of Bavaria to the Infanta Marie Della Paz was celebrated in the royal palace chapel, at Lisbon, Portugal, yesterday, with the usual state ceremony. The Patriarch of the Indies was present, and the King and Queen were the sponsors.

—The suit begun by Joseph P. Haverstick and George C. Kobbe against Dr. Amidon, to recover money taken by the latter at the request of Mrs. Uhler, in connection with the shooting of Haverstick, has been discontinued, the parties contesting having settled their difficulties.

—A dispatch from Chicago says the indications are that the entire Democratic city ticket is elected by from 5,000 to 10,000 majority. Election returns from Madison, Wisconsin, show the same result, and the municipal elections generally throughout the country have resulted in the election of Democratic candidates.

NEW TO-DAY.

LOC ROLLING.

While Wrestling With a Fallen Tree a Lumberman Receives Consequential Damages.

While on a hunting excursion in the great coal and wood region near Carbonate, Pa., the writer met William Coll, a lumberman. Accustomed to life and labor in the forest from early manhood, he was a true Knight of the Axe. Many a tree had fallen before his ringing strokes, and fleets of rafts had bore away to market the saved products. Coll is a character, and if Oscar Wilde is right in saying that all movements in unbroken labor are graceful, our friend William, stripped for his work and attacking a tree as Richard III. assailed the heavy doors of Front de Bouff's castle, must have presented an admirable picture.

One day, however,—but let him tell the story himself, as he told it to me:

"I was out in the woods, you know, trying to start a log down a hill. Thinking I could get a better purchase on it from the lower side, I tackled it there with my log-rolling hook and threw my weight on the lever. She started, she slid, but as luck would have it, before I could get out of the way, she rolled right over me. If it hadn't been for a lot of small limbs and brush lying in the road, which raised her up, she'd have crushed me flat. As it was, I got up without a broken bone, but with some mighty bad bruises."

"Then you were all right," said his auditor.

"Not by a blamed sight, stranger. I took cold, rheumatism set in, and if I hadn't heard of BENSON'S CAPSICINE PLEASANT PLASTER and used 'em, it's my opinion I should never have made another chip fly. But the Capsicine look hold quick, and I'm 'bout as good as new. But there's one thing you kin kalkilate on: I shall never wrestle with another log unless I have the advantage of the ground. Fur, as I told you before, if it hadn't been for them brushes I'd a been smashed so you couldn't a sold me fur a door mat."

The Capsicine is the thing for rheumatism. It doesn't keep you waiting. The BENSON'S CAPSICINE is cut in the center of the genuine. Price 25 cents.

TAILORING ESTABLISHMENT.

MY REPUTATION AS A TAILOR is already established. "The Boss Tailor" lives in all country towns. They advertise shop-worn auction goods; they dispose of cloths not saleable in the larger cities, and are continually trying to mislead their patrons by false representations. Reno is no exception to the rule. She has a "Boss Tailor," but look at a suit made by the Virginia street "Boss" and you will immediately see the point.

MY STOCK

Is carefully selected. It is of the very best of Foreign and Domestic Manufacture and I am prepared to make suits of the latest style, cut from the finest goods, at prices never before equalled. My work speaks for itself. I guarantee a fit in every case. Call and examine my samples and prices. Leave your measure and be happy. Don't be misled by the "Boss." You will always regret it if you do. Before giving your order call at my shop and see for yourself.

JOTTINGS.

Minor Occurrences in and About Town.

The late storm is the delight of the farmer.

The close season for all game except skunks and doves went into effect last Sunday.

Upward of 150 emigrants went west yesterday. They are flocking west by regiments.

Freight is collecting at the depot, consisting mostly of material pertaining to farming.

Old rails and scrap iron are going west at a rate suggesting that there is some old-junk speculation on foot.

It is said that fashionable ladies won't go fishing this summer unless they can get silk worms for bait.

"The last day of the minstrel" is an old expression, but the last day of the heu is a new egg-pression.

Justice Young has removed to the old bath-house, near the Coats Tavern, where he will hereafter examine culprits.

Trinity church "cottage meeting" will be held this evening at the residence of Mr. A. B. Williams at 7 o'clock.

There are two ten-foot sections of iron tubing at the depot, awaiting shipment to Plumas, for E. B. Hill, to be used in a prospecting shaft.

The new automatic brakes to be generally applied to C. P. freight trains have been tested and found to work in a satisfactory manner.

Prospecting parties that have fitted out for the mountains are becoming cross about the weather, that threatens all the time but don't do anything.

Barney Horn shipped eight carloads of cattle last night to Horn & Chapman, Oakland. They were purchased of Cook brothers and fed at Mayberry's ranch.

A large number of beef cattle will come through Reno in the course of the next month. Where they are to come from is a puzzle which only dealers can solve.

Bob Ross drove in and sold to Brooks yesterday 108 head of fat bees, which will be shipped tonight. A. E. Ross also sold 20 head of prime bees to the same party. They came from Long Valley.

J. K. Everett commands a trade upon the grounds that his goods are absolutely fresh and his prices as low as an honest business man can sell at. This will always bring custom, in any place.

Old residents remark that weather like this at this season of the year is almost unprecedented. There would be some satisfaction in it if there would be a storm—a right good blow-out—instead of so many threats.

William Hope went over to Iron Point this morning to gather about 400 head of cattle to be shipped to San Francisco. Barney Horn went along as chief puncher. The cattle are to be delivered at Iron Point by William Dunphy.

Travelers often ask bystanders at the depot, "Which is the train that goes to Virginia?" and when correctly informed they get started wrong and are much astonished when the conductor tells them they are half way to Wadsworth.

A tramp was earnestly looking for work this morning, when Beemer told him where he could get a job and go at it at once. Then he complained of a lame wrist, and concluded it was better to walk than to work. So it is with most of them.

Tea trains do not come through Reno very often now. They used to come along here and make everything except the express give the way, and were objects of curiosity because of their great value, as they often carried freight to the amount of half a million dollars.

The gale from the North last night would have been a terror if it had struck Reno. Rain and snow fell to the north of us, and the clouds looked as if they were surcharged with thunder and earthquake; but the clouds split and gave the hills a benefit on one side and the desert on the other.

It is hard to find really good beer, for the reason that there is much carelessness in making it; but Geo. Becker is very particular about the quality of beer he sells to his customers, and for that reason the Pacific Brewery has a good reputation and is gaining an enviable popularity. Those who have tried it say it is unequalled in Nevada.

According to the rulings of the Postmaster-General there is nothing to prevent a letter, no matter how badly written or spelled, from passing through the mails as first-class matter. And there is nothing to prevent a man from drinking bad whisky, if he wants to, but a man is an idiot who will patronize a cheap grocery when Chase & Thyes keep a first-class article. This firm have done the square thing by their patrons, and are doing their best to clean out the low groceries by selling nothing but fine liquor; and they also keep every other description of drinks, soda, cider, beer, etc.

IMPORTANT CHANGE.

The Truckee Lumber Company Extending Their Lumbering Operations Into This State.

The Truckee Lumber Company of Truckee yesterday completed their purchase of the property of Katz & Henry at Verdi. The price paid for the mills, land, lumber, wood, etc., is said to be \$45,000. A few years ago the Truckee Lumber Company commenced its operations at Coburn Station, now Truckee, on a very small scale, all the partners being poor men. The C. P. road gave them a good market and with E. J. Brickell, one of the most practical lumbermen on this coast, at the helm, the concern soon developed into some considerable importance, but during the dull years of 1880-'70-'71 the firm became quite heavily involved, and for a time had a hard struggle to make both ends meet, and but for the natural ability of Mr. Brickell, who is always "on deck" in an emergency, and his thorough knowledge of every detail connected with the manufacture of lumber, the concern would have gone out of sight. But he managed to keep it afloat until W. H. Kruger took an interest in the business. Mr. Kruger is a gentleman of very rare business accomplishments, being possessed of a sagacity that would demand recognition in any country. He immediately assumed charge of the outside business of the concern, making all contracts for the sale of lumber, and had their large sash and blind factory under his immediate supervision, while Mr. Brickell looked after matters in the woods and on the river. He sent the logs and other material into the large mill-pond above the factories and looked after the saw mills, while Mr. Kruger turned the fruits of Mr. Brickell's labor into money. When business revived in 1873 the concern took a place in the front rank and has been rapidly growing in importance since that time, until now it is one of the largest, wealthiest and heaviest firms on the coast. The purchase of the Katz & Henry property is another very important spoke in the Truckee Lumber Company's wheel. They intend to run all their mills this summer to their fullest capacity to supply their large and increasing trade. Mr. Katz will look after the logging department for them in Dog valley, and Mr. Henry will be in charge of their office and store. Business at Verdi and Dog valley will hum this year now that the Truckee Lumber Company have taken a hand.

Mr. and Mrs. Ellsworth of the Ellsworth House, Carson, came to town last night to visit their old friend, Jake Beam.

Young Charley Beemer, who was jammed between the tail-end of a dray and a fence a day or two ago, and is just now recovering from his injuries.

Andrew Fraser is going on a tour through Plumas, Modoc and Sierra counties, Cal., to look after foundry business, which he thoroughly understands.

Joseph De Bell, who is well and favorably known in Reno, has left for San Francisco. The old man will be missed as a pleasant auxiliary at Nasby's.

Eugene Markey, a ponderous Bodieite, went south to-day to look out for an easy situation at Mill Creek. Now that Pascoe is gone he will be the champion wrestler.

H. W. Beardsley of Crystal Lake, Wisconsin, having been on an extended visit to his married children at Alturas, Modoc county, was suddenly called home on account of the sickness of his wife, leaving on to-day's train for Wisconsin.

Another Change.

J. Hall has bought out C. H. Stoddard and assumed control of the country produce store and business at the same stand. Mr. Hall goes below to-morrow evening, and intends putting in a large stock of family groceries. He will receive fresh and salt-water fish from San Francisco every morning. He will handle fruit of all kinds in large quantities at wholesale and retail, and is making extensive preparations for that department. Vegetables of all kinds constantly on hand. Read ad.

The Tax in Humboldt.

The tax rate in Humboldt county this year is exactly the same as it was last year—that is, \$2.00 on each \$100 valuation.

ASYLUM COMMISSIONERS.

Dr. Dawson Ousted by a Vote of Four to Two—Dr. Bishop Elected as His Successor.

The Board of Commissioners for the care of the insane met at Carson yesterday and after transacting the regular monthly business proceeded to remove Dawson according to programme. Commissioner Deal made an eloquent address asking other members of the Board to do justice and not prostitute their high positions for political purposes. Treasurer Tuffy made a few remarks, and H. H. Beck talked for an hour or more in favor of Dawson; but when the vote was taken Dawson was removed and Dr. Bishop of Reno and Conn of Virginia were placed in nomination, Adams, Laughton, Hallock and Huffaker voting for Bishop and Deal for Conn. Mr. Tuffy asked to be excused from voting, but the other members of the Board insisted on having his vote recorded, when he cast it for Bishop. Dr. Bishop and Bergstein went to the asylum this morning and will take possession at once. Bergstein will receive the appointment of Assistant Superintendent and George W. Avery, Commissary. A general cleaning out of all the other employees is looked for.

ONLY A JOKE.

A Landlord Taken in by a Professional Beat.

The proprietor of the Lafayette hotel had a practical joke played upon him last week. A man came along and said he wanted board, as he was going to work at the foundry. Thereupon he was installed in a good room with a place at the table three times a day. At noon and night he made his appearance smugged up to his eyes with the grime of honest labor, and talked of the work he had done during the day. Yesterday afternoon the landlord happened to be looking around town about 5 o'clock and saw his boarder at a distance, looking as clean as if he had never smelled the smoke and soot of a foundry; but a few minutes after 6 he made his appearance, blacked like a chimney sweep, and said he had been at work hard all the afternoon. Then the grand bounce was administered. It was the old joke of a professional beat.

Five Tramps Added to the Reno Chain-Gang.

Monday night officers Merston and Green arrested five tramps who had pried open a box car and turned it into a lodging house. They gave their names as William Moeh, John Howard, John Pashony, Charles Morton and Ed. Brown. Last evening they were brought before Justice Young and demanded separate jury trials, but one of them said he would plead guilty to the charge of vagrancy if the Judge would give him a light sentence. He was accordingly sentenced to five days in the county jail, and all received a similar sentence. They are now employed in the street department.

The Secret of Their Success.

Chielovich & Co. persist in conforming to the standard they adopted when they went into business. They are maintaining it on the line of first-class goods and fair dealing and propose to keep it up all summer, in spite of what may happen. By living up to it strictly they have established a business which reaches to all parts of the coast. The Wine House is one of the most popular places in Nevada, and will continue to be as long as Chielovich & Co. continue to run it.

A Copper Mine Trade.

It is said that George Lovelock, of Lovelock station, has sold his White Cloud copper mine to San Francisco capitalists for \$25,000.

A SMALL RANCH.

A Profit Derived from Ten Acres Well Cultivated.

An interesting illustration of what can be done with ten acres of land is given by J. Y. Dillon of Woodland, Cal. He says he began upon it six years ago by planting five acres to the Muscatel grape. He now has seven acres, the last two acres being lately planted. He also has one acre planted to prunes, nectarines and peaches. From his five acres last year his gross returns were \$1200. He planted last year three-fourths of an acre of beets, which yielded him thirty-five tons. With these and a little bran or shorts he kept a span of horses and two cows seven months, besides which he sold \$300 worth of beets. One of his cows yields him now 10 to 11 pounds of butter per week, besides the milk the family (consisting of his wife and one child) uses. When the cow is fresh he makes from her 14 pounds of butter a week. Along his fence he planted 20 walnut trees, now six years old, which have born fruit the past two years. From the wood cut from these trees this year in the trimming he made a little over three cords of stove wood. Gum trees planted six years ago, and some of them 12 inches in diameter, will make when cut into wood from one-fourth to one-half a cord of wood per tree. Mr. Dillon says in the condition in which he now has his fruits and vines he can make a living for himself and family and lay by from \$800 to \$1,000 annually.

Grand Jurors Selected for the April Term.

The following named gentlemen have been summoned to appear in the District Court next Monday and serve as Grand Jurors for the April term: T. G. Herman, P. N. Marker, H. L. Fish, John Wright, W. H. Gould, Wm. Merrill, N. Nathan, Jerry Schooling, H. Whistler, G. R. Holcomb, W. D. Hardin, J. F. Condon, C. A. Lee, R. A. Frazer, A. Banta, G. A. Douglas, J. S. Shoemaker, H. M. Frost, M. G. Linding, A. Lindley, W. H. Higgins, T. F. Laycock, M. J. Smith, George Mosher.

The First Through Train on the C. & C.

The first through train from Inyo county, Cal., arrived over the Carson & Colorado Sunday evening. Starting from Bishop Creek at midnight Saturday night, they traversed the entire distance, 233 miles, in 18 hours, including stoppages. H. M. Yerington, D. A. Bender and other railroad magnates were on the train.

War to the Knife.

Nasby, armed with a 60-cent chromo, has been about town all day looking for Sam Hodgkinson. Brains and blood will be kneed deep when the two meet. Sam's death warrant was signed last Sunday night, and Nasby means business, sure.
